<sup>1</sup> Separate criteria are established for schools where living together as a chapter is against school policy.

<sup>2</sup> For chapters that do not have formal leases signed with each individual brother, a letter signed by the chapter's alumni corporation president testifying to the brother's residence in the chapter house throughout the 2022-23 academic year is an acceptable substitute. For chapters without a Sig house, please provide appropriate documentation of involvement in the Society and leadership in campus organizations as stipulated in the program description.
